SMART SOLUTION - FASTER DELIVERY

PROFILE
ASC LOGISTICS

ABOUT US:

ASC Logistics is currently one of the leading international freight forwarding service providers in Vietnam. Adhering to the motto "Smart Solutions - Faster Delivery," ASC Logistics always works following process standards, looking for solutions to increase efficiency, and being flexible in solving problems for goods to be faster transported and more satisfied customers."

We help effectively connect exporters and importers so that their goods are transported safely, quickly, and at the most optimal cost by doing more than can be asked.

We are shaping the world of logistics with a strong determination to connect people and goods through innovative and sustainable logistics solutions. Every day, we go above and beyond to meet the needs of our customers. By anticipating challenges and applying our visionary mindset, we advance global trade and bring communities together.

As a service-based company, we do not own the aircraft or ships, we are providing daily transportation. This means we can be highly flexible in our approach to supply chain management, and very effective at finding the best route and pricing options. We can provide good services for global industries and trades such as fashion, electronics, pharmaceuticals, cosmetics, chemicals, consumer goods, food products, etc.

With industry advantages, such as contracts with airlines, shipping lines, and a worldwide network of agents, we have solutions for any of your shipments. No matter how large your company is, you can rest assured to entrust your goods to us.

FREIGHT FORWARDING:

Freight forwarding is now like the breath of life in international trade and is increasingly claiming to be the most critical logistics industry for the economy. ASC Logistics is the leading freight forwarding company in Vietnam with package services such as air freight, ocean freight, road transport, and customs clearance. We keep goods circulating, making global commercialization easy.

AIR TRANSPORT:

Global air freight capacity and demand can be changed in the blink of an eye, and we commit to providing stable, reliable services which maintain your supply chain's integrity. At ASC Logistics, we understand that airfreight is a premium and costly service. Our specialists help you save money with solutions that focus on quick transit, constant communication, consolidation, and intermodal opportunities. Access to available aircraft capacity around the world allows us to stay flexible and further customize and optimize supply chain solutions for the best routing, pricing, and delivery speed. Notably, for exports, we are CSA and have contracts with many airlines such as Cathay Pacific Airways, Korean Air, China Airlines, Turkish Airlines, Eva Airways, Qatar Airways, Singapore Airlines, and Vietnam Airlines... which help us bring out many reasonable prices and good choices for customers.

OCEAN TRANSPORT:

We are here to make your global ocean freight move around the world with ease. Optimize your ocean shipping by accessing more capacity and competitive rates through our major ocean shipping alliances. Our ocean freight capacity ensures that space shortages and empty containers do not occur in the market, even in peak season. We are experts in ocean freight on all routes from Vietnam to China to the United States and the Trans-Pacific Eastbound (TPEB).... We always proactively plan for volatile market needs with high safety and accuracy. Trust our ocean freight experts, who have long-term relationships with reliable shipping lines, ports, warehouses, and international agent networks.

ASC Logistics provides all transport on demand (ToD) services: LCL, FCL, refrigerated goods, perishable goods, dangerous goods, or oversized goods... thanks to contracts with major shipping lines in the world such as KMTCC, SITC, OOCL, MSC, APL, CNC, CMA, Cosco, Evergreen, Maersk, One,...

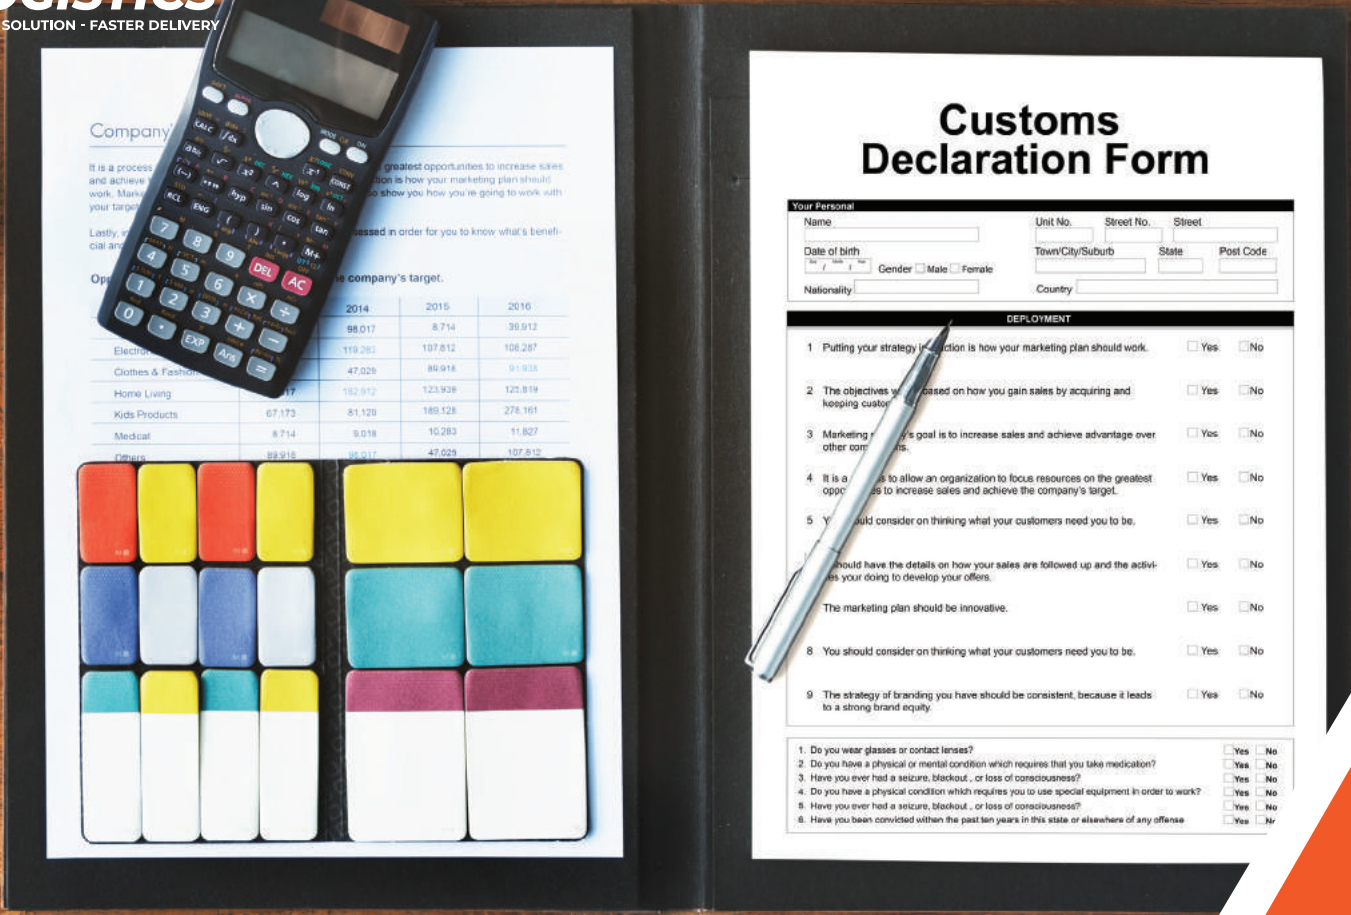

ROAD TRANSPORT:

We own and have associated with more than 500 trucks - from 1,25 tons to 15 tons - and container trailers that can ensure your goods are safe and delivered on time and schedule. The drivers are always friendly, dedicated to their work, and can significantly assist you in counting, loading, and unloading goods, keeping goods safe, and settling arising problems. With many such vehicles, we can currently cover transportation from North - Central - South Vietnam to cross-border road goods between Vietnam - China, Vietnam - Laos, Vietnam - Cambodia, and vice versa.

CUSTOMS CLEARANCE:

The requirements and regulations are constantly changing today, our experienced staff and connected customs brokerage team can ensure that all requirements are met to expedite the clearance of your shipment. This is ensured with adequate knowledge of customs formalities, customs tariffs, import and export policies, long-term experiences, and a good relationship with customs are the factors that help us take the lead on Customs Clearance in Vietnam. Due to our minimized clearance time, your goods will be shipped fastest with the exact schedule. We have experts who could assist customers with any goods, whether dangerous goods, chemicals, apparel, agricultural products, electronic components, medical equipment, industrial machinery, or consumer goods.

INDUSTRY FOCUS:

FASHION & GARMENTS

ELECTRONIC COMPONENTS

PERISHABLE LOGISTICS

PHARMA & LIFE SCIENCE

CHEMICALS LOGISTICS

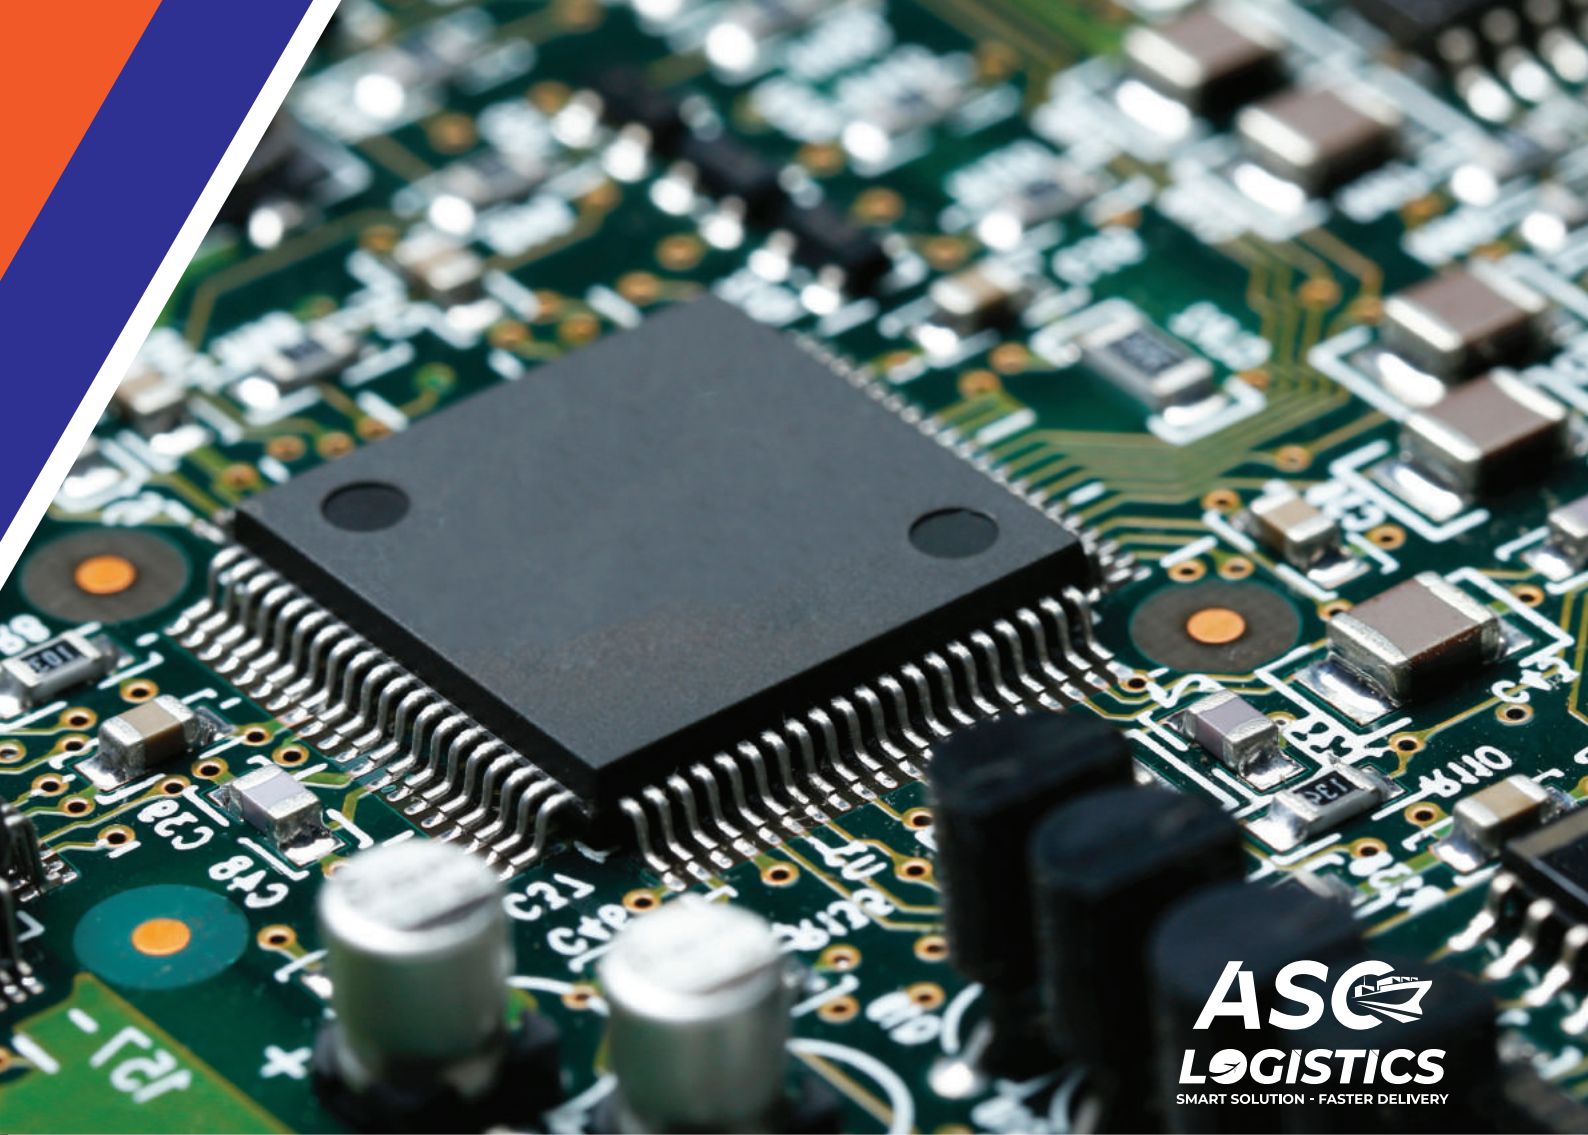

DANGEROUS GOODS

FASHION & GARMENTS:

Fashion and garment is one of the largest and oldest markets in the world, with high requirements on prices and quality of logistics services. We can transport competently by air, sea, and land, from finished products to raw materials in the garment industry, meeting all your company's needs.

ELECTRONIC COMPONENTS:

Electronic components and high-tech products are always high-interest and constantly changing fields in the market. We provide flexible, comprehensive, cost-effective, and time-efficient shipping solutions to worldwide electronic component suppliers, OEMs, manufacturing and assembly plants, and distribution companies. When mentioning the logistics serving in the high-tech industry, it means the speed, on-time delivery, and especially the confidentiality in information, images, and shipping routes. Our technology logistics experts are truly professional and reliable.

Fresh Fruits

Fresh Meat & Seafood

Fresh Flowers

Fresh Vegetables

PERISHABLE LOGISTICS:

We know that moving perishable freight is time sensitive and that you need a freight forwarding partner dedicated to understanding your business, your product and your customers. Transporting fresh product around the world is a highly specialised task. Our logistics experts in cold storage and perishable goods have always been trained to rapidly recognize consumer changes and strictly comply with food safety and hygiene regulations over the world. Whether it's live, chilled or frozen, talk to us for a fresh approach to your perishable freight. From fruit to meat, we will ensure your freight arrives in the same condition as it was when it was received.

PHARMA & LIFE SCIENCE:

Let's adjust your shipping strategy to transform the pharmaceutical market entirely, and it can help save and improve the lives of sick people. The transportation of pharmaceuticals and biological products (vaccines, specimens, blood, tissues, infectious materials, live animals, etc.) is an activity that requires a deep understanding and careful planning, which is not only about import, transporting, and handling but also about complex international regulations. With many years experienced, we offer a specially designed service flow using the latest equipment, procedures, and SOPs to keep the product intact and reach the customer as quickly as possible, following the newest compliance guidelines.

Outstanding services you can get:

- State-of-the-art shipment tracking and tracing system
- Trained and experienced staff ready to advise you
- Packing instructions to ensure the highest quality of goods
- Temperature-controlled storage and handling facilities
- Service 24/7 with a key team always prepared to serve.
